

SharpShots Photography Plan for AYS

Fall 2006 Season

Fall 2006 Photography Plan

Ashland Youth Soccer is partnering with SharpShots Photography and Graphic Design of Ashland, for the second year in a row. SharpShots will be offering a combination of traditional posed photos and team photos, as well as their signature action photos, to meet the range of needs of the league. The photo shoot schedule has been designed to minimize interruption of the regular scheduled Saturday activities.

- ❑ **Cherubs and Under 7 Teams:** These age groups will be scheduled for traditional posed team photos and individual photos as early in the fall season as possible. The schedule is still being finalized and will be provided to coaches within the week.
- ❑ **Under 8 Teams:** The U8's are scheduled for team photos and game action photos on September 9th at the new AHS.
- ❑ **Under 9 & Under 10 Teams:** SharpShots is still evaluating the feasibility of covering the U9+ age groups (Grade 3 & 4 In-town and Travel) for game action photography. As soon as plans are final, they will be communicated to the coaches & families.

Traditional Photos

SharpShots will provide discounted photo packages for teams having traditional team photos and individual photos. For more details, refer to the *SharpShots League Pricing Flyer and Order Form* or check out the information online @ <http://www.sharpsshots.net/League.html>. Families who wish to purchase photos will complete the order form in advance and bring it on the day of their scheduled photo shoot.

Action Photography

All game action photos, with the related team photos, will be posted on the SharpShots Website @ www.SharpShots.net for viewing and ordering. The AYS Photo Gallery will be password protected. The league password is "ays6" (all lower case and the number 6).

To view the photos online, click on the *Events page* link on the SharpShots home page, then select the *Ashland Youth Soccer logo* at the right. The photos will be organized by age group and team name. All standard products can be ordered online with a debit or credit card. Custom products like multi-image posters and albums can be ordered directly from SharpShots. For more information and pricing of SharpShots products, visit the website.
